

New ElectroLotus Holistic & Beauty Therapy Clinic (December 2007)

The new ElectroLotus Health & Beauty premises opened this month in Palomares, just 5 minutes from Garrucha, 15 from Mojacar and 10 from Vera.

They offer acupuncture and related therapies, reflexology, remedial massage, hair removal – either permanent by blend electrolysis or temporary by PhD waxing, ‘Su-Do’ airbrush cosmetic tans, brow and lash tints and perms, soft (paraffin) wax mitts and sox (to ease arthritic pains and soften skin) and for that light-hearted final touch; temporary tattoos in hennapenna, cosmetics or UV reactive body paint. Gift vouchers from 5 euros upwards are available for treatments or products. Clients also have the opportunity for discerning retail therapy after body therapy! Attractive unisex magnetic therapeutic jewellery is on display and can be ordered on a ‘60-day-money-back guarantee’. Original items of GlassArt, such as candle-lights, lanterns, picture frames, sun-catchers and lampshades are displayed, and orders can be left for specific commissions. ElectroLotus stock a full range of skin care products including medicated foundation creams. The therapists are fully qualified, experienced and insured, regularly attending Continuous Professional Development courses and seminars and extending their skills, training here or in the U.K. on professionally recognised courses. All their certification is available to view in the clinic, and they are happy to offer free consultation on which type of treatment would be most beneficial for any specific problem.

find the prospect of clambering onto a couch too daunting! Climate controlled and accessible by wheelchair, the new ElectroLotus rooms provide a haven of relief from stress and pain; and a lovely surrounding in which to be beautified- and what’s more, the kettle is never cold! You can find out more about their treatments and download a ‘how to get there’ map from the comprehensive website www.electrolotus.com. Take advantage of the fantastic opening offers (see separate boxed advert), and when you become a regular, you will benefit from ‘Lotus’ bonuses – saving you money on your usual treatments or giving you the opportunity to try new ones at discount. Treatments are by appointment only, so treat yourself, give ElectroLotus Health & Beauty a call now on **699603088**.

The atmosphere is a welcoming pleasant blend of clean bright white and soft soothing lavender, echoed in the scent of mint and lavender essential oils. The acupuncturist confides that the oils, relaxing in themselves, mask the smell of the herb *artemisia vulgaris* (mugwort), burned in moxibustion to provide a warm stimulation of acupuncture points – some people like its smell, others hate it! As can be seen from the photos, patient comfort is catered for with a fully adjustable hydraulic treatment couch and a forward resting chair. It looks an odd contraption, but is ideal for those who find lying face down uncomfortable, or attending with a bad back or hip,
